43" PROFESSIONAL MONITOR FOR CCTV
BP-MON-43CCTV

Enjoy it.

ⓘ Attention

· Use only the power cord supplied with this device. If other power lines are used, please ensure that they have passed the national standard certification;
· Do not open the display (there is a very dangerous high voltage in the equipment);
· To avoid the danger of electric shock, please cut off the power supply during installation, commissioning and moving;
· Do not install it near the heat source, so as to avoid high product temperature and damage to the product;
· Do not use the monitor near water, corrosive, flammable and explosive places;
· Do not use any hard substance to rub or strike the display screen;
· Unplug the monitor first, and then clean the screen surface of the monitor;
· Handle with care during transportation and handling.

⊙ Base installation guide

1. Place the monitor flat on the table, with the bottom facing outward in an outward splay shape;
2. Clip the base to the connection on the monitor and tighten the screws clockwise;
3. Adjust the monitor to the best viewing angle.

(* we recommend that you lay a soft cloth on the desktop to avoid damaging the monitor.)

⊙ Base Removal Guide

1. Place the monitor flat on the table with the bottom facing outward;
2. Turn the screw counterclockwise to loosen the connection;
3. Pull out the base.

(* we recommend that you lay a soft cloth on the desktop to avoid damaging the monitor.)
